ROTARY ROCKS

Ah, March. The air has turned warmer, the clocks have turned ahead, and Don has turned loose of half the 50/50 pot to Addison Maille.

March is literacy month for Rotary and we were pleased to have Paul Norcross with us on March 9th. Paul has a list of community involvements and professional achievements as long as anyone you'll find. Paul's latest project is 7 Degrees of Change, a literacy project for children in the Philippines created in honor of his sister who died of cancer a few years ago. We will be collecting books through the month and I'll deliver them to the High Point Library.

Our first annual White Sale has been going very well. Jim and Tammie's picture was featured in the High Point Enterprise on March 3rd along with a great article describing the project. We've sold well over 300 cases and we hope to end up with 450 – 500 cases sold. That should allow us to net \$7,000 - \$8,000, making it our most successful fundraiser since the days of the Harley Raffle. This project will only continue to gain momentum next year and I hope it will be a catalyst for many great things in our club.

Don't forget about Stop Hunger Now. That event will be on Saturday May 1st at River Landing. Keep turning in your loose change (folding money is also acceptable and actually preferred).

Also – stay tuned for details on Crazy Golf 2010.

BRING IT HOME, HIGH POINT!!

Nancy Bowman & Jim Morgan

On March 16, Jim Morgan, Attorney, and Nancy Bowman of High Point Convention and Visitors Bureau told us about CVB's program called **Bring It Home, High Point!**

They urged us to contact them if we knew of any group that was planning a convention. They would try to get them to come to High Point.

But first, another good headline from the Ware Shoals Observer: "**Antsy McCail and the Trailer Park Troubadours play for the Plug the Pool fundraiser for Y. Event to be held at The Crow's Nest on Highway 25.**"

About Antsy:

Last week I was talking on the phone to my dear close friend Esther Connor back in Ware Shoals (we grew up together and our mothers were best friends) and we were laughing about Antsy and her new "gig" with the Troubadours. Esther reminded me about of the time Antsy's husband Eugene McCail was arrested by the Highway Patrol for speeding and resisting arrest.

It said in the paper the next day after the incident that Eugene was driving his farm pick up with the cattle chute hooked to the back and led the Highway Patrol on a 35 mile chase all through the country side and at times reaching speeds of over 75 miles an hour. Dust was a factor too because cattle chute didn't have a sway bar. The paper reported that 3 Patrolmen finally got Eugene stopped at the intersection of HH and Highway 25, just past the ATA Lodge.

When Eugene went before the judge, the judge was furious. But then Eugene explained to the judge; "Antsy had run off with a Highway Patrolman the day before and he was afraid that Patrolman was trying to bring her back!"
