## THE WISDOM OF PAUL HARRIS

*It is reasonable to expect that someday it will be fashionable to build lives instead of fortunes.*

## Boys & Girls Club of Greater High Point

Director Tom Falgout

On July 14 Tom Falgout, President of Boys and Girls Clubs of Greater High Point, spoke to us about the local chapter. Tom hails from Louisiana where he worked for Boys and Girls Clubs for 16 years. He has recently moved here to become the CEO/President of this chapter. He is a member of the Kiwanis Club. Club member Holly Ferree is the Director of Development for BGCCHP.

## Jerri's Corner

share it with you.

I heard a true story the other day so I thought I would take this opportunity to

There is a wonderful couple named Donn and Hope Irmiter who have been married now for over 50 years. Donn served in the Navy during WWII and later graduated from college with an engineering degree. His last job before he retired was managing a large hosiery mill in Burlington. Donn was also a talented singer and sang with barbershop choruses. Hope was a school teacher and piano player and she always had a piano in her classroom to encourage her students to sing and enjoy music. Donn and Hope are also very devout Catholics.

They now are in their eighties and live in Winston-Salem in a retirement community. They are enjoying life, each other, their new friends, their big family, and many wonderful memories.

Donn and Hope raised six children, five boys and one girl. Two of them became professional musicians. During the time when all six kids were growing up and at home there were lots of funny happenings that became stories that were passed down to the grandchildren and told over and over.

One story was about two of the boys when they were very young taking a bath together. While they were in the

tub they had toys to play with. One toy was a tug boat. When their father was drying them off, he noticed that the tug boat was full of urine. He demanded to know which one peed in the tug boat. Neither would admit it and Donn never found out.

When Donn and Hope were ready to celebrate their 50<sup>th</sup> wedding anniversary, the six children organized a celebration by renting a whole Bed and Breakfast for the weekend. Everyone in the family came including the grandchildren and great grandchildren.

On Saturday night at the Bed and Breakfast they all gathered for a big dinner. After the dinner, a large bowl full of fortune cookies was placed in front of Donn and Hope. They were told to break open each cookie one at a time and read the paper inside. Each paper contained the title of a story that happened while the six kids were growing up. When they read the title of a story, then one of the children or grandchildren would recite the story. This went on for the rest of the night.

And that night Donn and Hope finally found out who peed in the tug boat.

## **THE 4 WAY TEST**

Of the things we think, say or do:

1. Is it the TRUTH?
2. Is it FAIR to all concerned?
3. Will it build GOODWILL and BETTER FRIENDSHIPS?
4. Will it be BENEFICIAL to all CONCERNED?
